**BHJ TRANSPORTATION IMPROVEMENT PROGRAM**  
**FISCAL YEAR 2014 ANNUAL LIST OF FEDERAL OBLIGATIONS**  
**July 1, 2015 – June 30, 2016**

**INTRODUCTION**

At the end of each fiscal year, the Brooke Hancock Jefferson Metropolitan Planning Commission, the designated Metropolitan Organization (MPO) for the Weirton-Steubenville, WV-OH Urbanized Area, publishes a list of federal obligations for surface transportation projects implemented in the three-county area. Available for public review, this publication is a cooperative effort between BHJ, the Ohio Department of Transportation, and the West Virginia Department of Transportation Division of Highways, as well as the Steel Valley Transit Authority, and the Weirton Transit Corporation. The annual listing is consistent with programs and funding sources found in BHJ's Transportation Improvement Program (TIP). The Annual Listing does not list the non-federal obligations by either Ohio or West Virginia Departments of Transportation for transportation improvements in Brooke and Hancock counties, WV and Jefferson County, OH.

*§ 450.332 Annual listing of obligated projects.*

*(a) In metropolitan planning areas, on an annual basis, no later than 90 calendar days following the end of the program year, the State, public transportation operator(s), and the MPO shall cooperatively develop a listing of projects (including investments in pedestrian walkways and bicycle transportation facilities) for which funds under 23 U.S.C. or 49 U.S.C. Chapter 53 were obligated in the preceding program year.*

*(b) The listing shall be prepared in accordance with § 450.314(a) and shall include all federally funded projects authorized or revised to increase obligations in the preceding program year, and shall at a minimum include the TIP information under § 450.324(e)(1) and (4) and identify, for each project, the amount of Federal funds requested in the TIP, the Federal funding that was obligated during the preceding year, and the Federal funding remaining and available for subsequent years.*

*(c) The listing shall be published or otherwise made available in accordance with the MPO's public participation criteria for the TIP.*

An obligation, otherwise known as a commitment, is the federal government's budgetary term that refers to a binding agreement that results in an outlay to pay for a project immediately or sometime in the future. Typically, the Federal Highway Administration (FHWA) or the Federal Transit Administration (FTA) authorizes obligations for transportation improvements. In fact, a project sponsor may not necessarily initiate or complete an obligated project in its planned program year and the amount of the obligation may not necessarily equal the total cost of constructing or implementing the project. For instance, an obligation for federal transit projects occurs when FTA awards the grant, while on the other hand, federal highway

obligations occur when FHWA and the state or other grantee executes a project agreement and requests that the funds be obligated.

This publication is an annual listing federal obligations for transportation improvements in Fiscal Year 2016 (July 1, 2015 through June 30, 2016) within Brooke and Hancock counties in West Virginia and Jefferson County, Ohio, the three counties that comprise the bi-state BHJ region. With this purpose in mind, this report not only categorizes FHWA highway and bridge project obligations by state and county where practical, but also includes a Transportation Enhancement and Planning component if applicable, and FTA obligations for public transit and human service operations.

In the subsequent pages in this report are the following tables that list the Fiscal Year 2016 obligations for the BHJ Metropolitan Planning Organization Area:

Table 1 - FY 2016 Federal Obligations for Highway & Bridge Projects in Jefferson County, OH, and Steel Valley Regional Transit

Table 2 - FY 2016 Federal Obligations for Highway & Bridge Projects in Brooke and Hancock County, WV
