## **INTRODUCTION**

At the end of each fiscal year, the Brooke Hancock Jefferson Metropolitan Planning Commission (BHJ), the designated Metropolitan Organization (MPO) for the Weirton-Steubenville, WV-OH Urbanized Area, publishes a list of federal obligations for surface transportation projects implemented in the three-county area. Available for public review, this publication is a cooperative effort between BHJ, the Ohio Department of Transportation, and the West Virginia Department of Transportation Division of Highways, as well as the Steel Valley Transit Authority, and the Weirton Transit Corporation. The annual listing is consistent with programs and funding sources found in BHJ's Transportation Improvement Program (TIP). Typically, this Annual Listing does not list the non-federal obligations by either Ohio or West Virginia Departments of Transportation for transportation improvements in Brooke and Hancock counties, WV and Jefferson County, OH. The Code of Federal Regulations under Title 23-Highways Chapter 1 - Federal Highway Administration, Department of Transportation § 450.332 - Annual listing of Obligated Projects states:

*(a) In metropolitan planning areas, on an annual basis, no later than 90 calendar days following the end of the program year, the State, public transportation operator(s), and the MPO shall cooperatively develop a listing of projects (including investments in pedestrian walkways and bicycle transportation facilities) for which funds under 23 U.S.C. or 49 U.S.C. Chapter 53 were obligated in the preceding program year.*

*(b) The listing shall be prepared in accordance with § 450.314(a) and shall include all federally funded projects authorized or revised to increase obligations in the preceding program year, and shall at a minimum include the TIP information under § 450.324(e)(1) and (4) and identify, for each project, the amount of Federal funds requested in the TIP, the Federal funding that was obligated during the preceding year, and the Federal funding remaining and available for subsequent years.*

*(c) The listing shall be published or otherwise made available in accordance with the MPO's public participation criteria for the TIP.*

An obligation, otherwise known as a commitment, is the federal government's budgetary term that refers to a binding agreement that results in an outlay to pay for a project immediately or sometime in the future. As a rule, the Federal Highway Administration (FHWA) or the Federal Transit Administration (FTA) authorizes obligations for transportation-related programs and capital improvements. In fact, a project sponsor may not necessarily initiate or complete an obligated project in its planned program year and the amount of the obligation may not necessarily equal the total cost of constructing or implementing the project. For instance, an obligation for federal funding occurs when FHWA or FTA executes a project agreement.

This publication is a list of federal obligations that occurred in State Fiscal Year 2020 (July 1, 2019 through June 30, 2020) by FHWA or FTA for transportation programs and capital improvements within Brooke and Hancock counties in West Virginia and Jefferson County, Ohio, the three counties that comprise the bi-state BHJ region. With this purpose in mind, this report not only categorizes FHWA highway, bridge, and planning project and program obligations by state and county where practical, but also includes a Transportation Enhancement Activity component if applicable, and FTA obligations for public transit and human service operations and capital improvements.

In subsequent pages of this report are the following tables that list the Fiscal Year 2020 obligations for the BHJ Metropolitan Planning Organization Area:

Table 1 - FY 2020 Federal Obligations for Highway & Bridge Projects - Jefferson County, OH

Table 2 - FY 2020 Federal Obligations for Highway & Bridge Projects - Brooke and Hancock County, WV

Table 3 - FY 2020 Federal Obligations for Transit (OH & WV)
